## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2018-19)**

Big Springs Elementary School District (BSES) is located near Mount Shasta in the heart of the fertile Shasta Valley farming communities. BSES provides services for children from Infancy through 8th Grade with 48 children and families participating in our child care center, 180 students in September of 2018. Our State Licensed Child Care Facility serves infants and toddlers, and includes a State Pre-School licensed for 24. We are staffed with dedicated teachers that are all "highly qualified" under the "No Child Left Behind Act" . Approximately 60% of our student population participates in the free and reduced lunch program. Professional Development for BSES staff is focusing on Common Core implementation grades K-8 with a focus in current year on ELA/ELD. All classrooms have current state textbook for ELA (6th - 8th grades in 2017) and Mathematics (K-5 2018) and current textbooks in our other curricular areas. Textbooks are adopted in coordination with neighboring Districts including the Yreka Union High School District. Instructional design is alignment with Common Core Standards and self-evaluated through local and regional staff development, peer review, and Local Control Accountability Plan-LCAP development.

Big Springs Elementary School strives for comprehensive educational opportunities through sufficiency of current instructional materials, course access in fine arts including visual arts, performing arts, individualized instruction in keyboard, computer driven music, drums and electric guitar. Journalism, Art, Music and Chess, PE, Creative Writing have been added to 5th through 8th grade electives. BSES embraces parent involvement in our school through the active involvement of School SITE Council and P.T.O., monthly student recognition assemblies including family members, and enhanced website communications including on-line progress reporting. BSES offers a full range of athletic programs including league play in basketball, track, volleyball, cross-country and cheer-leading, as well as a popular ski school program. Our school provides support for working families with a Before School Program, and a comprehensive after school program that operates from the end of each regular school day until 6 PM. Our after school program offers a variety of enrichment activities such as: art, sports, hands-on science for primary students (to compliment Jr. High Science lab.), crafts, and technology proficiency through dedicated mobile computer lab along with a well equipped computer lab. Our after-school program "SAFE" is operated within the guidelines set by the California Department of Education After School Education and Safety (ASES) The program and serves approximately 96% of our enrolled students.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Date of Last Review/Update: 9/20/17 Date Last Discussed with Staff: Not yet discussed.

Our facility was inspected by Justin David & Frank Alves on September 20, 2017, Maintenance Supervisor using the California Facility Inspection Tool receiving an 85-100% good rating. Quarterly schoolyard/facility inspections are conducted by the Maintenance Supervisor.

Big Springs Elementary School provides a safe, clean environment for students, staff and volunteers. Two part time custodial/maintenance personnel work hard to ensure that classrooms, restrooms and campus grounds are kept clean and safe. The District has invested substantially in field and paving improvements, and a modernization of the kitchen within the past three years, improved perimeter fencing was completed in 2013/14 and Proposition 39 funded lighting (inside and outside), insulation upgrades and in the 2016-17 school year, five condensing furnaces were installed along with three condensing hot water heaters. The school was painted in the summer of 2016. We also upgraded our phone system so we are all connected from Preschool, cafeteria and the rest of the school. . Big Springs Elementary was rewired this past summer (2018) The School Facility Good Repair Status chart below reflects suggested repairs or replacement with tentative plans to complete the indicated areas of concern as soon as possible.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	49.0	44.0	49.0	44.0	48.0	50.0
Mathematics (grades 3-8 and 11)	38.0	37.0	38.0	37.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	124	123	99.19	43.90

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## State Priority: Other Pupil Outcomes

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

We believe that parents are our essential partners in education and we encourage parents to volunteer when possible. Parent participation in instructional planning through individual conferences is about a 90% participation rate at most grade levels. Our school also benefits from extensive parent involvement in athletic events through our Booster Club, student performances and student recognition assemblies, and by assisting us as parent volunteers in the classroom. A parent/guardian volunteer procedure is monitored by office staff. Parents are invited as guest lecturers during Career Day. Progress reports and quarterly report cards are provided by traditional mailings and through password protected on-line progress reporting. Parent conferences are held two times a year or on an as needed basis. Parent representatives are elected to serve on the School Site Council which also functions as our Title 1, LCAP parent involvement and EL parent advisory body. An active Parent Teacher Organization (PTO) coordinates our annual Book Fair, assistance with supplemental programs such as Accelerated Reader, publishing of our annual yearbook and sponsors numerous fundraisers throughout the year to help support our student activities. The School Site Council meets quarterly, PTO and Boosters' meets monthly to provide feedback from parents and to provide our staff with planning support.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

## School Safety Plan (School Year 2018-19)

Big Springs Elementary's (BSE) Safety Plan includes the framework and provisions for a safe and clean environment. BSE is in compliance with the laws, rules and regulations pertaining to hazardous materials and state fire and earthquake standards. The school's disaster preparedness plan includes steps for ensuring students and staff are safe during a disaster. Fire, intruder and disaster drills are conducted on a regular basis throughout the school year. Our custodians ensure all classrooms, restrooms and campus groups are kept clean, safe and secure through well-maintained classrooms and facilities. All classrooms and front doors are kept locked during school hours for immediate lock-down in the (unlikely) event of an intruder. Surveillance cameras have been recently upgraded to cover 100% of the school exterior access areas. Office staff have been provided advanced training in Non-Violent Crisis Intervention-C.P.I. and other specialized procedures. The school safety plan is reviewed regularly and updated as needed.

There were no student suspensions that required an expulsion hearing during the 2017-18 school year. Outside agency counseling services are available at the school site for chronic behavioral or emotional issues students may exhibit that would impact the school climate.

### **Professional Development (Most Recent Three Years)**

---

Instructional staff members participate in Common Core curriculum leadership seminars at the regional level with colleagues from schools throughout the county. The alignment of curriculum & assessment has facilitated more focused and informative benchmark assessments for both progress reporting to parents and formative assessment for instructional planning. We have an early release every Wednesday which allows staff to collaborate on student learning, analyze student performance and focus on essential learning outcomes. The district also offers staff development opportunities during non-instructional days in which teachers receive professional growth opportunities in curriculum development, teaching strategies, and best practices for instructional design. For the 2018-19 calendar, site identified staff development shall be (student) data driven as to the focus. Safety has been a focus for the last 2 years and will continue to be an everyday focus. Teachers are primary stakeholders in the development of the LCAP as facilitated by early release days.
